Note: All evaluators must have had a full overview of the Rider Level Program 1-4 presented to them prior to any testing. The list of approved evaluators is to be maintained in the provincial office and all evaluation organizers must use a current approved evaluator.

Please contact your Provincial Equestrian Federation/Council for additional information on clinics in your region. Failure to do so in advance of the testing date may jeopardize a candidate's results.

With each revision released, evaluators must attend a provincially approved review to establish a new provincial list of approved evaluators.

DO NOT JEOPARDIZE A CANDIDATE'S RESULT BY NOT BEING A CURRENT APPROVED EVALUATOR, OR BY NOT USING THE MOST CURRENT TEST SHEETS, FORMS AND WRITTENS.
